This program is designed for companies who export or temporarily import defense articles, defense services or technical data which are subject to the ITAR and controlled by the U.S. State Department's Directorate of Defense Trade Controls (DDTC).

Topics will include: the role of the DDTC; the USML & SME designation; commodity jurisdiction; registration requirements; ITAR exemptions; embargoed countries; license preparation & D-Trade; document preparation; labeling requirements; reporting requirements; violations & disclosures; and compliance programs.

SPEAKERS:

◆ **Jan de Beer, Frost Brown Todd LLC**

Jan de Beer is a Member at Frost Brown Todd LLC and practices in the firm's Corporate Department. Mr. de Beer concentrates his practice in the area of international regulation and trade with a particular focus on import and export matters, customs regulations, labeling requirements, and transaction licensing. Mr. de Beer has significant experience in counseling clients as to their export licensing obligations under the Department of Commerce's Export Administration Regulations and the Department of State's International Traffic In Arms Regulations. Mr. de Beer also assists companies importing goods into the United States with customs law issues, including classification and valuation of products; Customs duty protests; and country of origin and other labeling requirements.

◆ **Greg Mitchell, Frost Brown Todd LLC**

Mr. Mitchell is a Member of Frost Brown Todd LLC and practices in the corporate/commercial area. Mr. Mitchell's practice is concentrated in the areas of commercial and corporate transactions, insurance regulatory matters and insurance insolvency, international regulation and trade (export/import, customs, licensing and technology transfer, sale of goods, foreign investment, structuring of international sales and manufacturing operations, distributorships and joint ventures) and workouts/restructuring.
