

NAFTA TRAINING

"North American Free Trade Agreement"

Does your company sell or buy manufactured products to/from Mexico or Canada?

Then you need to be current on NAFTA regulations!

NAFTA compliance affects many branches of your organization, including logistics, shipping and documentation, sales and marketing, compliance officers and those who sign/execute shipment documentation. In this half day seminar, you will learn and be refreshed on the following topics:

- Understanding the Harmonized Tariff System
- NAFTA Rules of Origin requirements
- Entry Procedures And Claims
- Implications of NAFTA compliance

Speaker

Anne Schmidt
Branch Compliance Manager
Expeditors International

Anne Schmidt is a licensed broker. She has 20 years of experience in importing and customs brokerage, starting in international trade in 1989 and spending 11 years in the services of a large customs brokerage. Her responsibilities included the development and implementation of compliance-related audits and processes, Harmonized Tariff Schedule classification services, special trade programs and training.

In 2000, she joined Expeditors International's consulting practice, Tradewin, LLC. There she specializes in import compliance assessments, NAFTA eligibility review, HTS classification, binding ruling requests and special trade program reviews. Since 2006, Anne has been the Compliance Manager for Expeditors' Louisville office.
